Title: Luna Sky - Soundtrack
Genre: Action, Adventure
Developer:
Vovoid Media Technologies AB
Publisher:
KISS ltd
Release Date: 2 Oct, 2015

English

I love this soundtrack. Note its delivered as MP3 and FLAC.. I bought this awhile ago and wanted to listen to it, but there's absolutely no indication (at least not obvious) where the files are saved. Disappointed. As for the game itself, it looks and sounds very nice, but my game saves never worked. I always start back at level 1. Great concept, mediocre implementation.. I bought this awhile ago and wanted to listen to it, but there's absolutely no indication (at least not obvious) where the files are saved. Disappointed. As for the game itself, it looks and sounds very nice, but my game saves never worked. I always start back at level 1. Great concept, mediocre implementation.. I love this soundtrack.
